Boiler/Pressure Vessel Plan Review Submittal Checklist

The following items, as applicable, should be included when submitting an application for permit.

WHAT TO SUBMIT

New Boiler/Pressure Vessel Installations

☐ Application for Permit to Install a Boiler or Pressure Vessel
- Form is found online at: https://dir.nv.gov
- Forms MUST be emailed to MCS@dir.nv.gov in order to be accepted for consideration. Forms may alternately be submitted in person at any MCS office.

☐ Manufacturer Data Report
- Include manufacturer's/installing contractor's report for ASME CSD-1, as applicable.

☐ Nevada Contractor License
- Include licenses for any subcontractors

☐ Floor plan drawing clearly illustrating the following:
- Layout of boilers and pressure vessels, including refrigeration equipment. Include clearances around machinery and access manhole.
- Dimensions of the room.
- Exit doors and direction of travel.
- Location of floor sink or drain.
- Location of emergency stop switch, refrigerant monitor alarm, CO_2 alarm, etc., as applicable.
- Location of exhaust fan for the evacuation of refrigerant.
- Location of fresh air damper.

☐ Side elevation drawing clearly illustrating the following:

- Equipment support against excessive movement.
- Vent/Air termination.
- Pressure relief device mounting and safe point of discharge.
- Temperature and/or pressure gauge.

Reinstallation of Boiler/Pressure Vessel

☐ All information required above.
☐ Current device inspection history.

- If device inspection history is not available, a Form NB-403 Report of Fitness for Service must be provided.

The Mechanical Compliance Section may request additional documentation as deemed necessary.
